

Architectural Technologist

Cumulus Architects Inc. is a diverse, creative and interdisciplinary practice founded on the principles of team-based design fostered by collective intelligence.

Simply put, we believe that making architecture together makes a difference.

This means applying interdisciplinary thinking to large complex design challenges. Our leadership team includes specialized experts in arts and culture, mobility and accessibility, wellness and mental health, mixed use development, and heritage and preservation. Collaborating unlocks a cumulative process of engagement that invites curiosity, encourages innovation and nurtures creativity.

Cumulus is interested in growing our diverse team of curious, innovative and creative people.

We have opportunities for technologists interested in developing their technical, management and design skills while making an impact on a diverse range of innovative projects across Canada.
