Cumulus Architects

Intermediate Architect

Cumulus Architects Inc. is a dynamic, innovative and interdisciplinary practice grounded in the principles of team-based design and collective intelligence. Simply put, we believe that making architecture together in a collaborative studio environment makes a difference.

We apply interdisciplinary thinking to large, complex design challenges. Our leadership team brings expertise across arts and culture, mobility and accessibility, wellness and mental health, mixed-use development, and heritage and preservation. Collaboration unlocks a cumulative process of engagement—one that invites curiosity, encourages innovation, and nurtures creativity.

At Cumulus, we are growing our diverse team of curious, innovative, and creative people. We foster a culture of collaboration and innovation with the explicit aim of ensuring every team member feels personally engaged in the successes we achieve together.

We currently have opportunities for architects interested in making an impact on a diverse range of innovative projects across Canada.

In this role you will be involved in:

- Develop conceptual designs and space planning in collaboration with the team
- Produce highly accurate technical and contract documentation for construction of projects
- Collaborate with consultants, contractors, fabricators, specification writers, and regulatory agencies to meet overall project objectives
- Supervise and mentor junior staff

What we are looking for in a candidate:

- 5 - 10 years of practice experience
- Strong conceptual, graphic and design skills
- Proficiency in Revit and related production software
- Strong knowledge of the Ontario Building Code and other applicable laws
- Eligibility for Membership in the OAA
- Critical thinking, effective problem solving and decision-making skills
- Experience preparing design and construction documents
- Excellent communicator

Salary Range

The salary range for this position is $70,000 – $95,000**.** Final compensation will be determined based on experience, skills, and internal equity.

This role reflects an existing vacancy.
